of 1- to 4-family residential properties, shall require an appraisal prepared by a state-certified appraiser.

(3) (Complex residential transactions of \$250,000 or more) All complex 1- to 4-family residential property appraisals rendered in connection with federally related transactions shall require a state-certified appraiser if the transaction value is \$250,000 or more. A regulated institution may presume that appraisals of 1- to 4-family residential properties are not complex unless the institution has readily available information that a given appraisal will be complex. The regulated institution shall be responsible for making the final determination of whether the appraisal is complex. If, during the course of the appraisal, a licensed appraiser identifies factors that would result in the property, form of ownership, or market conditions being considered atypical, then either:

(i) The regulated institution may ask the licensed appraiser to complete the appraisal and have a certified appraiser approve and cosign the appraisal; or

(ii) The institution may engage a certified appraiser to complete the appraisal.

(c) *Transactions requiring either a State-certified or -licensed appraiser.* All appraisals for federally related transactions not requiring the services of a state-certified appraiser shall be prepared by either a state-certified appraiser or a state-licensed appraiser.

(d) *Valuation requirement.* Secured transactions exempted from appraisal requirements pursuant to paragraphs (a)(1) of this section and not otherwise exempted from this regulation or fully insured shall be supported by a written estimate of market value, as defined in this regulation, performed by an individual having no direct or indirect interest in the property, and qualified and experienced to perform such estimates of value for the type and amount of credit being considered.

(e) *Appraisals to address safety and soundness concerns.* NCUA reserves the right to require an appraisal under this subpart whenever the agency believes

it is necessary to address safety and soundness concerns.

§ 722.5 Appraiser independence.

(a) *Staff appraiser.* If an appraisal is prepared by a staff appraiser, that appraiser must be independent of the lending, investment, and collection functions and not involved, except as an appraiser, in the federally related transaction, and have no direct or indirect interest, financial or otherwise, in the property. If the only qualified persons available to perform an appraisal are involved in the lending, investment, or collection functions of the credit union, the credit union shall take appropriate steps to ensure that the appraisers exercise independent judgment. Such steps include, but are not limited to, prohibiting an individual from performing an appraisal in connection with federally related transactions in which the appraiser is otherwise involved.

§ 722.6

(b) *Fee Appraisers.* (1) If an appraisal is prepared by a fee appraiser, the appraiser shall be engaged directly by the credit union or its agent and have no direct or indirect interest, financial or otherwise, in the property or the transaction.

(2) A credit union also may accept an appraisal that was prepared by an appraiser engaged directly by another financial services institution; if:

(i) The appraiser has no direct or indirect interest, financial or otherwise, in the property or transaction; and

(ii) The credit union determines that the appraisal conforms to the requirement of this regulation and is otherwise acceptable.

§ 722.6 Professional association membership; competency.

(a) *Membership in appraisal organization.* A state-certified appraiser or a state-licensed appraiser may not be excluded from consideration for an assignment for a federally related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) *Competency.* All staff and fee appraisers performing appraisals in connection with federally related transactions must be state-certified or -licensed as appropriate. However, a state-certified or -licensed appraiser may not be considered competent solely by virtue of being certified or licensed.
